PRESS RELEASE

KATE TO ATTEND THE BRITISH CRAFT TRADE FAIR FOR THE FIRST TIME

Worcestershire-based artist Kate Betty Smith will be exhibiting her work for the first time at the British Craft Trade Fair, Harrogate from April 10th-12th.

This prestigious fair is trade only and showcases the finest work from British and Irish makers. The fair has been running for over 40 years and there are over 500 exhibitors chosen by selection. Gallery and shop owners travel across the country to be there and choose the artists they would like to represent. Kate will be exhibiting in the Newcomers' Gallery.

'I'm thrilled to have been selected for the show,' says Kate. "This is by far the biggest show I have taken part in and has already been a great learning experience. I'm looking forward to meeting other makers and making more connections with gallery and shop owners."
